

European
Commission

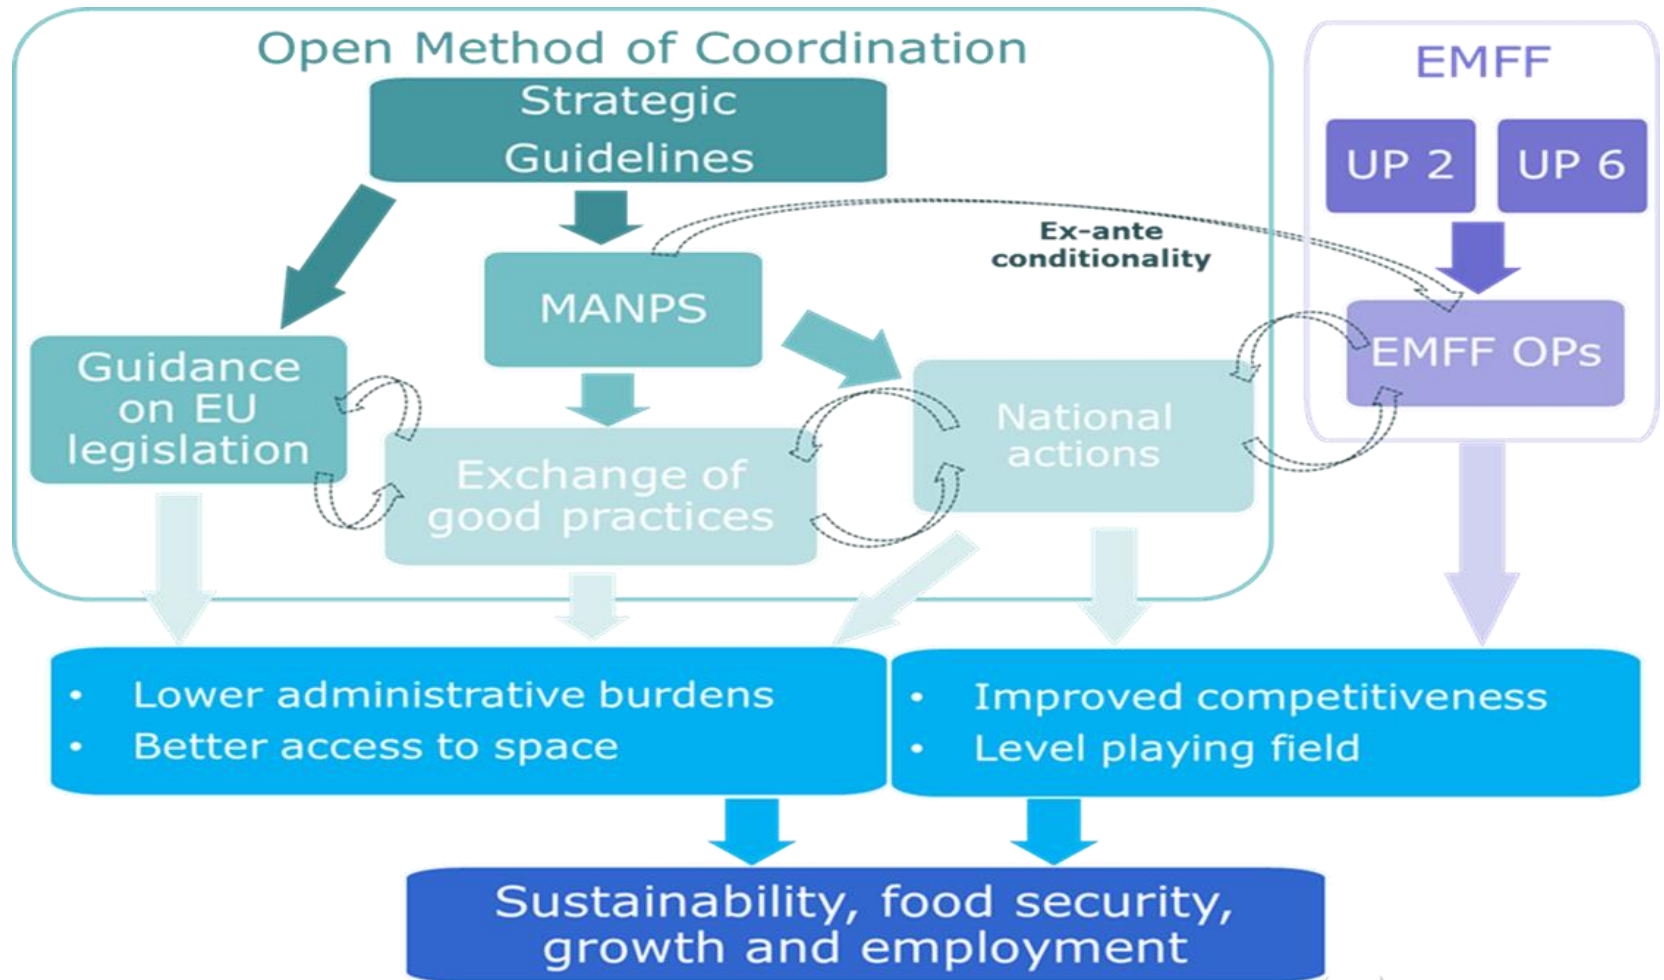

The Update of the Strategy for the Sustainable Development of EU Aquaculture

fresh,
local,
healthy

Dora Barreira Ramos
European Commission, DG MARE

Open Method of Coordination

Ursula von der Leyen

President-elect of the European Commission

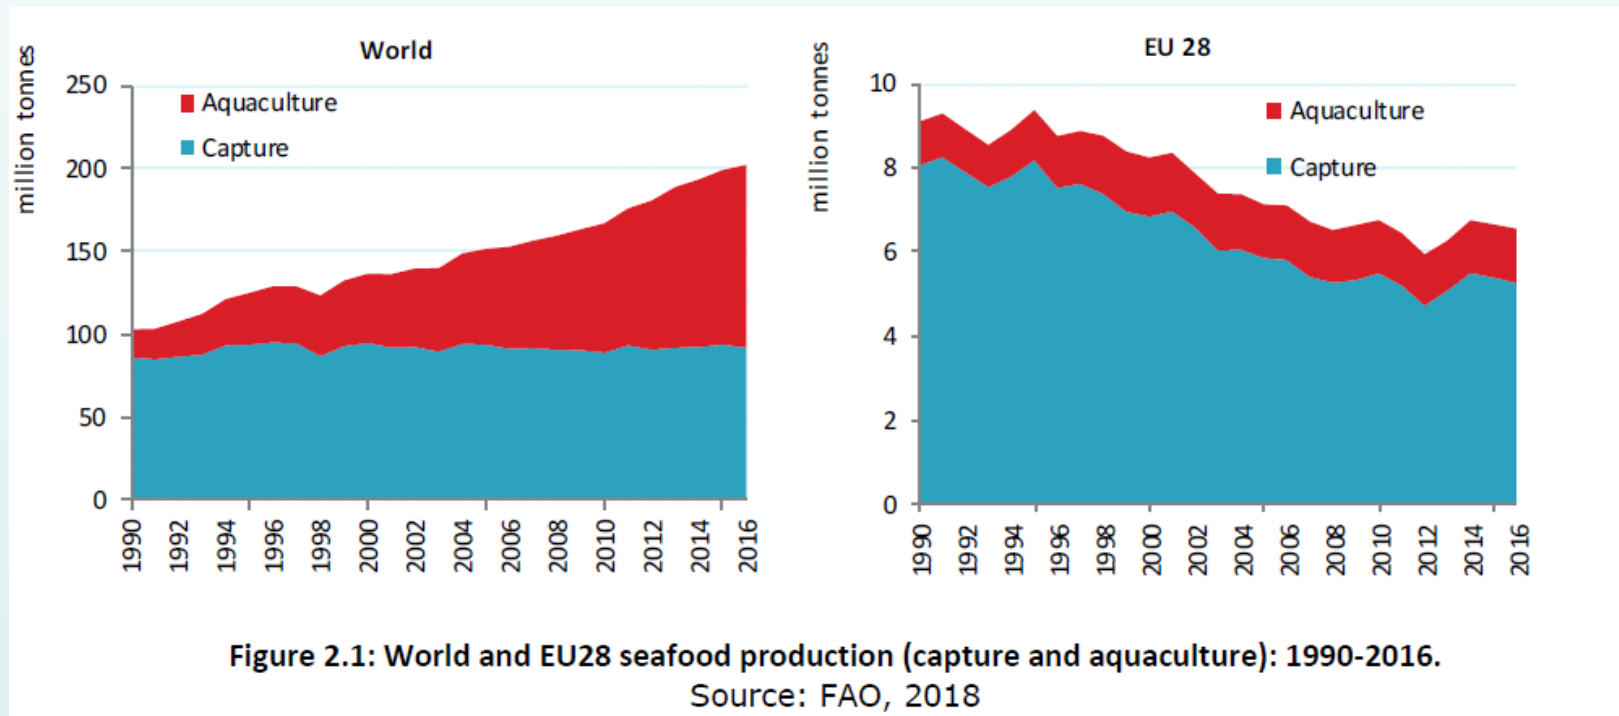

Virginijus Sinkevičius

Mission letter

Commissioner-designate for Environment and Oceans

- Drawing on the potential of sustainable seafood as a low-carbon food source and the potential of the aquaculture sector, I want you contribute to the **'Farm to Fork' strategy** on sustainable food.

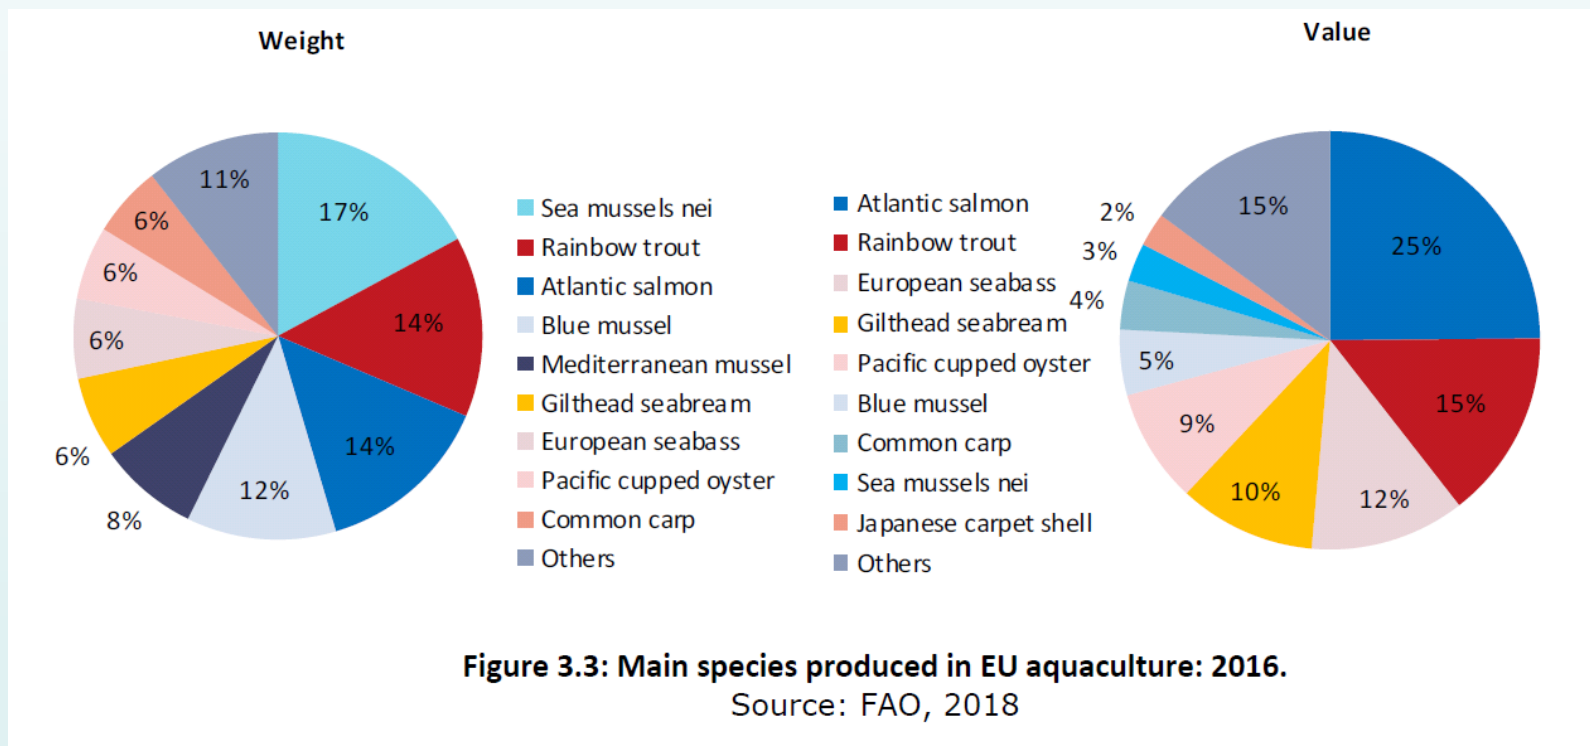

World and EU seafood production
